NO LADY CAN AFFORD TO MISS THIS GREAT SALE.

REASONS

Why Ayer's Sarsaparilla is preferable to any other for the cure of Blood Diseases.

—Because no poisonous or injurious ingredients enter into the composition of Ayer's Sarsaparilla.

—Ayer's Sarsaparilla contains only the purest and most effective vegetable properties.

—Ayer's Sarsaparilla is prepared with extreme care, skill, and chemical accuracy.

—Ayer's Sarsaparilla is prescribed by leading physicians.

—Ayer's Sarsaparilla is for sale everywhere, and recommended by all druggists.

—Ayer's Sarsaparilla is a medicine, and not a beverage to imbibe.

—Ayer's Sarsaparilla never fails to effect a cure, when persistently used, according to directions.

—Ayer's Sarsaparilla is a highly concentrated extract, and therefore the most economical Blood Medicine in the market.

—Ayer's Sarsaparilla has had a more wonderful record of nearly half a century, and has served as popular as it proved.

—Thousands of testimonials are on file from those benefited by the use of

Ayer's Sarsaparilla.

The Finest of Spring Overcoats.

It's only a question of how many dollars you care to invest in a Spring Overcoat. We have as neat a coat at $5.00 as ever left a tailor's hands; as magnificent a one at $25 as your taste and fancy could wish for. There's the extremes—sandwiched between are a dozen prices and the handsomest styles. All the new and nobby effects of tailored to order are there.

When you pay higher prices than ours for best Hats you're paying for the maker's name only—no better goods come to market than we're offering—at about a dollar less—at Silks equal to any at $5; Derby's $2, $3, $4, and $5.

MUNICIPAL CORPORATIONS

GOOD GOVERNMENT DEMANDED BY THE REPUBLICAN SPRING.

The Committee on Municipal Corporations Advises the Push-Mule Temptation Bill and Kills the Bill Giving the Councils and Boards of Supervisors Power to Regulate the Compensation of Assessors and Their Deputies—Other Legislation.

SPRINGFIELD, Ill., April 24.—(Special.)—The Committee on Municipal Corporations had a meeting this afternoon at which the Push-Mule Temptation bill was favored and the Civil Service bill requiring city councils and boards of supervisors to regulate per centage was killed. Messrs. Boyer, Curtis, Hinkle, Clark, Wiltamuth, Hamilton, Lyman, Webb, Dobbins, Wilson, Price (of Winnebago), Kent, and White were present, and their votes were divided as nearly as could be told. Most of them favored the Push-Mule bill, but before they reached it the Hamilton bill forbidding the order and salaries of the Chicago town officers and the Quinn bill fixing the rates to be charged by gas companies fell by the wayside, together with the former bill, which, however, contained the substance and the objects of the latter, it was claimed, could be better attained by the Push bill. The next bill taken up was that of Mr. Wiltamuth amending the City and Village Incorporation act so as to authorize city councils and boards of trustees "to grant the use of the right to or over any street or public ground vacated to any person or corporation by the proper authorities of the city to any street, avenue, alley, lane, or other railroad company, whether the same shall be incorporated under any general or special law of this State, now or hereafter in force, upon the petition of the owners of the land representing more than one-half of the frontage of the street, or as such council or board may deem to be for the best interests of the city."

This proposes a return to the old system of securing franchise petitions, and, while Mr. Wiltamuth said that it was in the interest of the railroad companies, Mr. Boyer opposed it on the ground that it was such a radical change he could not endorse it. He did not understand that several roads were being operated by the present law, although Mr. Wiltamuth maintained the contrary, as in single cases Mr. Curtis had secured a continuous interurban line from Chicago to Joliet, and in every case of the character did he not secure a franchise from Chicago. "The last campaign," said Mr. Curtis to Chicago members, "was fought on the question of equal rights, and the matter was not to give Mr. Curtis a franchise, but to secure equal rights to all companies." Mr. Curtis answered this, and on the other hand Hinkle propounded some questions regarding the provisions of the bill to the gentlemen from Cook.

"Do you mean that the owners of vacant property west of Western avenue is entitled to the property owners east of that?" inquired Mr. Hinkle.

"No, sir," answered Mr. Curtis.

"Don't you know that that is the object of this bill?"

"No, sir; I believe the bill is intended to facilitate road owners, and it ought to pass."

The question as to whether the bill should be reported back with a favorable recommendation was put and carried by a vote of 11 to 6. Those voting favorably were Messrs. Boyer, Curtis, Hinkle, Wiltamuth, Hamilton, Dobbins, Wilson, Price (of Winnebago), Kent, and White.

The Push bill enabling city councils and boards of trustees to fix maximum rates that might be charged by the telephone companies was next up and Mr. Boyer promptly moved that it be reported back with the recommendation that it do pass. This motion met with opposition from Mr. Curtis. "The object I see in favor of this bill," said he, "is that I don't consider that in this country two boards of trustees or two councils should have the power to say what rates one company should charge for its service and what another company should charge for its service. You might as well legislate as to the price of bread or wages as to fix the charges for gas companies. If you are going to exercise the maximum rates you can exercise the minimum rates, and you can go on and legislate to any extent."

Mr. Hinkle said he supported the amendment because the rights and privileges of corporations and citizens ought to prevail from the same standpoint. "Corporations," said he, "are the creatures of the law, and the privilege of a franchise granted to the Bell Telephone Company is the same as that granted to any other corporation. The telephone company has the right to use the streets

"THE HUB"

BUSINESS.

AMONG THE RAILROADS.

LOWER RATES TO THE SOUTHWEST URGED UPON ALL PARTIES.

The Iron and Railroad Council a Success—The Forest Rat Visitors from the "Southwest"—Speculation if It Does Not Get Recognition of Coal and Coke Rates to the Mississippi Points Materializes—Notes.

The Executive Board of the Iron-Steel Association having appointed, after a meeting yesterday to the managers of the various roads between Chicago and the Missouri River in the matter of the demand of the iron and steel mills for lower rates, the committee to confer with the Southwestern Railroad Association, in order to secure them an open competition in the West, General Manager H. C. Townsend of the Atlas made a formal statement to the effect that the Atlas would not be a party to the arrangement. He said the company had lost all of its export business to the Mississippi River points, and that in order to secure a share of the business it would have to make a concession. He said the company would not be a party to any agreement that would not give them the same rates as those granted to the Chicago & Alton. He said that the Atlas had been asking for a reduction for a long time, and that the company would not be a party to any agreement that would not give them the same rates as those granted to the Chicago & Alton. He said that the Atlas had been asking for a reduction for a long time, and that the company would not be a party to any agreement that would not give them the same rates as those granted to the Chicago & Alton.

Chairman Midgley, of the Southwestern Railroad Association,
